

Hiking Good Sense

Only cross Highways 101 at stoplights.
Wait for the “Walk” signal.

Walk on the sidewalk or pathway.
When you must walk on the road, stay on the shoulder. Walk on the left side of the roadway so you are facing the oncoming traffic.

If you walk after dark, carry a light and keep it on when cars are present.

Be prepared for the weather to change.
Carry another layer for warmth.

Respect property. The hike route will not take you onto private spaces.

Special Note: This hike passes school playgrounds. Stay off school grounds when school is in session.

For More Hiking and More History

Visit the Coos Trails website, www.coostrails.com, to learn about more hiking opportunities in the area.

Choose the “Walking Bandon’s History” tab on the Coos Trails site to access more images of historic places along Bandon’s streets.

Visit the museum’s website to learn more about all things Bandon.
